

# GAZA CRISIS

## MEDICAL AID for PALESTINE

Isolated, deprived and now almost entirely forgotten, the already dire humanitarian situation in Gaza worsens day by day. The figures speak for themselves; nearly 70% of the 1.5 million people in Gaza live on less than £165 a month, while food accounts for 60% of household expenditure. Food and fuel prices have doubled in the past seven months.

Gaza remains under strict economic sanctions which have cut off food and fuel supplies. The consequent electrical power cuts and destruction of the already weakened economy has brought further suffering to all of Gaza's inhabitants.

The closure of borders and inability of Gaza's sick and infirm to travel for medical care has caused numerous lives to be lost, as many health facilities such as medical equipments for the early detection of diseases, especially cancer and blood diseases and also cardiac surgery equipments are not available in Gaza. Even primary medical care equipment such as blood pressure devices are depleted with Gaza's hospitals over crowded and without medical supplies.

Muslim Hands Office in Gaza has made an urgent plea for help, for medical doctors, equipment and medicines. MH is working with /supporting 3 hospitals and 4 clinics in The Gaza Strip area. Please donate generously and indeed your financial support will help save lives.
